What to do if you have a concern about a Child

Introduction and Ethos

- Warren Wood Primary Academy recognises our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding is everybody's responsibility and all those directly connected (staff, volunteers, trustees, governors, leaders, parents, families, and learners) are an important part of the wider safeguarding system for children and have an essential role to play in making this community safe and secure.
- Warren Wood Primary Academy recognises the importance of providing an ethos and environment within school that will help children to be safe and feel safe. In our school children are respected and encouraged to talk openly. All children (defined as those up to the age of 18) have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, gender, ability, culture, race, language, religion, or sexual identity, have equal rights to protection.
- Our school acknowledges the need to treat everyone with equity, with fairness, dignity and respect. We recognise that unconscious bias may impact upon our perceptions and expectations of children, particularly those from minority groups and that this may influence the safeguarding actions we take. We seek to educate and challenge all members of the school community to address equality of access and opportunity for all children, by highlighting inequalities and increasing awareness.
- Staff challenge any form of derogatory and sexualised language or behaviour. They are vigilant to sexualised/aggressive touching/grabbing. We recognise that groups at particular risk include girls, pupils/students who identify as Lesbian, Gay, Bisexual, Transgender Queer+ (LGBTQ+), or are perceived by peers to be LGBTQ+, and pupils/students with SEND. We recognise that these children can be targeted by other children and acknowledge the importance of a safe space for them to speak out or share their concerns with members of staff. Pupils/students are protected from up-skirting, bullying (including cyberbullying), homophobic, biphobic and transphobic behaviour, racism, sexism, and all other forms of discrimination. Any discriminatory behaviours are challenged, and children are supported to understand how to treat others with respect. We also have a statutory duty to report and record any of the above incidents. Staff have familiarity with the Equality Act 2010 and the Public Sector Equality Duty (PSED), the Human Rights Act 1998 and recent reforms to the Act and how they apply to safeguarding.
- Through their day-to-day contact with pupils and their direct work with families, all staff and volunteers in school have a crucial role to play in noticing indicators of possible abuse or neglect at an early stage. Our school may be the only secure, stable, and predictable element in their lives.
- Warren Wood Primary Academy will endeavour to support the welfare and safety of all pupils through:
 - Ensuring that the child's welfare is of paramount importance.
 - Training all staff to recognise the signs and symptoms of abuse and to know the school's procedures and lines of communication.
 - Ensuring that children's mental and physical health, or development, is not impaired.

- Providing children, a balanced curriculum including PSHE (Personal, Social and Health Education); RSE (Relationships and Sex Education) to help pupils stay safe, recognise when they don't feel safe and identify who they might / can talk to.
 - Working with parents to ensure they understand the school's legal responsibility to safeguard and ensure the welfare of all children, including the need for referral to other agencies in some situations.
 - Keeping confidential records that are stored securely, and shared appropriately with other professionals.
 - Ensuring the voice of the child is evident in individual case files and informs the school's policy developments.
 - Ensuring that the school practices safer recruitment processes in checking the suitability of staff, supply staff, volunteers, visitors and contractors.
 - Informing parents about expected behaviour.
- Warren Wood Primary Academy expects that if any member of our community has a safeguarding concern about any child or adult, they will act immediately.
 - This policy is implemented in accordance with our compliance with the statutory guidance from the Department for Education, 'Keeping Children Safe in Education' 2023 (KCSIE) which requires individual schools and colleges to have an effective child protection policy.

For further details and information about the DSL role please refer to KCSIE 2023 **Annex C p.162**

Members of Staff

All members of staff have a responsibility to:

- Provide a safe environment in which children can learn and promote the child's welfare
- Maintain an attitude of **'it could happen here'** where safeguarding is concerned and to always act in the best interests of the child.
- Understand the 'Early Help' process and their role in it.
- Be aware of the indicators of abuse and neglect so that they can identify cases of children who may be in need of help or protection.
- Understand that children may not feel ready to, or know how to, tell someone they are being abused, exploited or neglected and/or that they may not recognise their experiences as harmful. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. They may feel embarrassed, humiliated or be being threatened. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns any about a child.
- Consider wider environmental factors in a child's life that may be a threat to their safety and/or welfare.
- Be aware of the process of making referrals to children's social care and statutory assessment under the Children Act 1989.
- Know what to do if a child tells them that he or she is being abused or neglected and understand the impact abuse and neglect can have upon a child.
- Know how to maintain an appropriate level of confidentiality.
- Understand and comply with this policy and understand other safeguarding policies and systems.
- To undertake regular and appropriate training which is regularly updated.
- Be aware of and take appropriate action to raise concerns regarding poor or unsafe practice or potential failures in the school safeguarding regime. (This may include accessing the school whistleblowing policy).

Children and Young People

Children and young people (pupils) have a right to:

- Contribute to the development of school safeguarding policies.
- Report abuse confidently knowing concerns will be taken seriously and that they will be listened to and effective action will be taken.
- Seek help from a trusted adult and feel listened to.
- Learn how to keep themselves safe by recognising when they are themselves at risk and how to get help when they need it, including online.

Parents and Carers

Parents/carers have a responsibility to:

- Work in partnership with the school to safeguard and promote the welfare of children and understand the Warren Wood Primary Academy's statutory responsibilities in this area.
 - Read and adhere to the relevant school/policies and procedures.
 - Talk to their children about safeguarding issues and support the school in their safeguarding approaches.
 - Identify behaviours which could indicate that their child is at risk of harm including online
 - Seek help and support from the school, or other appropriate agencies.
- We are committed to working with parents positively, openly, and honestly. We ensure that all parents are treated with respect, dignity, and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission, or it is necessary to do so to safeguard children.

However, the welfare and safety of children is the responsibility of all staff in school and ANY concern for a pupil's welfare MUST be reported to the Designated Safeguarding Lead.

Recognising Indicators of Abuse and Neglect

- As a school we are aware that abuse, neglect and safeguarding issues are rarely individual events that can be covered by one definition or label. In most cases multiple issues will overlap with one another, for further guidance: [Responding to Abuse and Neglect](#) . This is outlined locally with the [Medway Threshold Guidance](#).
- Knowing what to look for is vital to the early identification of abuse and neglect. If staff are unsure, they should always speak to the Designated Safeguarding Lead (or a deputy).
- All staff in school should be aware of the definitions and indicators of abuse and neglect. There are four categories of abuse:
 - **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.
 - **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development.
 - **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.
 - **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

The most up to date definitions and possible indicators and signs of abuse are found in Appendix

1. Staff should also refer to [What to do if you are worried a child is being abused 2018.](#)

- All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments. Indicators of abuse and neglect do not automatically mean a child is being abused however all concerns should be taken seriously and explored by the DSL on a case-by-case basis.
- The warning signs and symptoms of child abuse and neglect can vary from child to child. Children also develop and mature at different rates, so what appears to be worrying behaviours for a younger child might be normal for an older child.
- Warren Wood Primary Academy recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.
- All staff, but especially the Designated Safeguarding Lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. **Extra-familial harms** take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.
- Parental behaviours may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Children may report abuse happening to themselves, their peers or their family members. All reports made by children to staff will be taken seriously and will be responded to in line with this policy.
- By understanding the warning signs, we can respond to problems as early as possible and provide the right support and services for the child and their family. It is important to recognise that a warning sign doesn't automatically mean a child is being abused.

Specific Safeguarding Issues

- The Warren Wood Primary Academy is aware of environmental factors which may impact on a child's welfare and safety and understand safeguarding in the wider context.
- Warren Wood Primary Academy staff are mindful that early information sharing is vital for the effective identification, assessment, and allocation of appropriate service provision, whether this is when problems first emerge, or where a child is already known to local authority children's social care (such as a Child in Need or a Child Protection, plan).

- All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education, and sharing nudes or semi-nude images (also known as youth produced sexual imagery) put children in danger. The categories/issues that follow are by no means an exhaustive list but gives an indication of the current themes in safeguarding and protecting children.

Child-on-Child Abuse

- Warren Wood Primary Academy recognises that children are capable of abusing their peers. This is referred to as child-on-child abuse and can take many forms. Refer to Warren Wood Primary Academy Child-on-Child Abuse Policy
- Warren Wood Primary Academy believes that abuse is abuse and it will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”. All victims will be taken seriously and offered appropriate support, regardless of where the abuse takes place.
- The Warren Wood Primary Academy recognises that child-on-child abuse can take many forms, including but not limited to:
 - bullying, including cyberbullying.
 - physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm.
 - sexual violence and sexual harassment.
 - ‘upskirting’, which typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.
 - nude or semi-nude image sharing (also known as ‘sexting’ or youth produced/involved sexual imagery).
 - initiation/hazing type violence and rituals.
- Staff and leadership recognise that that some child-on-child abuse issues may be affected by gender, age, ability and culture of those involved, (i.e. for gender-based abuse, girls are more likely to be victims and boys more likely to be perpetrators) however, all child-on-child abuse is unacceptable and all reports will be taken seriously.
- Warren Wood Primary Academy will not tolerate, dismiss or minimise any harmful behaviours in school and will take swift action to intervene when this occurs. All allegations of child-on-child abuse will be recorded, investigated, and dealt with in line with associated school/college policies, including child protection, anti-bullying and behaviour.
- Alleged victims, perpetrators and any other child affected by child-on-child abuse may be supported by:
 - All reports of child-on-child abuse will be taken seriously by any member of staff to whom it is reported.

- Staff will listen carefully to any disclosure of child-on-child abuse and the alleged victim will be reassured that they were right to make the disclosure.
 - Every effort will be made to avoid victim blaming.
 - Appropriate Pastoral Support will be put in place for both the alleged victim and the alleged perpetrator.
 - Parent/Carers will be involved as soon as is appropriate.
 - Signposting or making referrals to appropriate support, both internally and externally.
 - Inform the Police and/or Social Services where appropriate.
- The school will take steps to ensure that appropriate curriculum time is dedicated to enable children to develop an awareness and understanding of abusive behaviour and minimise the risk of all forms of child-on-child abuse. We will also ensure that children recognise warning signs and supports of support both within the school and externally (such as Kent Police, ChildLine etc.).
- If a pupil makes an allegation of abuse against another pupil:
 - You must record the allegation and tell the DSL, but do not investigate it.
 - The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence.
 - The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed. This will include considering school transport as a potentially vulnerable place for a victim or alleged perpetrator(s).
 - The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate.
 - If the incident is a criminal offence and there are delays in the criminal process, the DSL will work closely with the police (and other agencies as required) while protecting children and/or taking any disciplinary measures against the alleged perpetrator. We will ask the police if we have any questions about the investigation.
- We recognise the importance of taking proactive action to minimise the risk of child-on-child abuse, and of creating a supportive environment where victims feel confident in reporting incidents. To achieve this, we will:
 - Ensure that we deliver an age-appropriate PSHE and RSE curriculum that deals with issues such as consent and healthy relationships.
 - Implement a robust anti-bullying policy, ensuring that all pupils know that Bullying will not be tolerated and will be dealt with swiftly.
 - Ensure that pupils have a range of reporting mechanisms i.e. trusted adults, worry box etc.
 - Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images.
 - Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys.
 - Ensure our curriculum helps to educate pupils about appropriate behaviour and consent.
 - Ensure pupils are able to easily and confidently report abuse.

- Ensure staff reassure victims that they are being taken seriously.
- Be alert to reports of sexual violence and/or harassment that may point to environmental or systemic problems that could be addressed by updating policies, processes and the curriculum, or could reflect wider issues in the local area that should be shared with safeguarding partners.
- Support children who have witnessed sexual violence, especially rape or assault by penetration. We will do all we can to make sure the victim, alleged perpetrator(s) and any witnesses are not bullied or harassed.
- Consider intra familial harms and any necessary support for siblings following a report of sexual violence and/or harassment.

Ensure staff are trained to understand:

- How to recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports.
- That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening – staff should maintain an attitude of “it could happen here”.
- That if they have any concerns about a child’s welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report. For example, children can show signs or act in ways they hope adults will notice and react to, a friend may make a report, a member of staff may overhear a conversation, a child’s behaviour might indicate that something is wrong.
- That certain children may face additional barriers to telling someone because of their vulnerability, disability, gender, ethnicity and/or sexual orientation.
- That a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy.
- The important role they have to play in preventing child-on-child abuse and responding where they believe a child may be at risk from it.
- That they should speak to the DSL if they have any concerns.
- That social media is likely to play a role in the fall-out from any incident or alleged incident, including for potential contact between the victim, alleged perpetrator(s) and friends from either side.
- Disciplinary action can be taken while other investigations are going on, e.g. by the police. The fact that another body is investigating or has investigated an incident doesn’t (in itself) prevent our school from coming to its own conclusion about what happened and imposing a penalty accordingly. We will consider these matters on a case-by-case basis, taking into account whether:
 - Taking action would prejudice an investigation and/or subsequent prosecution – we will liaise with the police and/or LA children’s social care to determine this.
 - There are circumstances that make it unreasonable or irrational for us to reach our own view about what happened while an independent investigation is ongoing.

Child on Child Sexual Violence or Harassment

- Warren Wood Primary Academy follows the guidance outlined in part five of KCSIE 2023 which has now merged with the content of DfE guidance [‘Sexual Violence and Sexual Harassment Between Children in Schools and Colleges’](#). When responding to concerns relating to child-on-child sexual violence or harassment

- If DSLs are unsure how to proceed, advice will be sought from the Education Safeguarding Service.
 - Refer to Warren Wood Primary Academy Child-on-Child Abuse policy .
-
- The Warren Wood Primary Academy recognises that staff must be vigilant and recognise that information may come from overheard conversations or observed behaviour changes.
 - It is essential that all victims of sexual violence or sexual harassment are reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment or be made to feel ashamed for making a report.
 - Immediate consideration will be given as to how best to support and protect the victim and the alleged perpetrator (and any other children involved/impacted).
 - When there has been a report of sexual violence or harassment, the DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis. The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children and staff and any actions that are required to protect them.
 - Where possible KCSIE 2023 recommends that two members of staff manage reports of sexual violence and harassment.
 - Reports will initially be managed internally by the Warren Wood Primary Academy and where necessary will be referred to Integrated Children's Services and/or the Police.
 - The decision making and required action taken will vary on a case by case basis, but will be informed by the wishes of the victim; the nature of the alleged incident (including whether a crime may have been committed); the ages and developmental stages of the children involved; any power imbalance between the children; if the alleged incident is a one-off or a sustained pattern of abuse; if there are any ongoing risks to the victim, other children, adult students or Warren Wood Primary Academy staff; and, any other related issues or wider context.
 - We will reassure and teach our pupils to understand that the law is in place to protect children and young people rather than criminalise them.
 - Warren Wood Primary Academy will regularly review decisions and actions to update and improve policies and practice.
 - The school will consider the physical and mental health implications for both the victim and perpetrator. It is identified that both individuals will need additional support and provision of further information about harmful sexual behaviours and may need signposting to further sources of support.

Nude and/or Semi-Nude Image Sharing by Children

- DSLs will respond to concerns as set out in the non-statutory UKCIS guidance: [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#) (Updated December 2020).
- The term 'sharing nudes and semi-nudes' is used to mean the sending or posting of nude or semi-nude images, videos or live streams of/by young people under the age of 18. Creating and sharing nudes and semi-nudes of under-18s (including those created and shared with consent) is illegal which makes responding to incidents complex.
- When made aware of concerns involving nude or semi-nude image taking/sharing involving children, staff are advised to:
 - Report any concerns involving nude or semi-nude image sharing involving children to the DSL immediately.
 - Never view, copy, print, share, store or save the imagery, or ask a child to share or download it – this may be illegal. If staff have already viewed the imagery by accident (e.g., if a child has shown it to them), this will be immediately reported to the DSL.
 - Not delete the imagery or ask the young person to delete it.
 - Not say or do anything to blame or shame any children involved.
 - Explain to children involved that they will report the issue to the DSL and reassure them that they will receive appropriate support and help.
 - Not ask the child or children involved in the incident to disclose information regarding the imagery and not share information about the incident with other members of staff, the children involved or their, or other, parents and/or carers. This is the responsibility of the DSL.
- Warren Wood Primary Academy recognises that nude and semi-nude image sharing (also known as youth produced/involved sexual imagery or "sexting") is a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
- The DSL will hold an initial review meeting with appropriate staff and will speak with the children involved if appropriate.
- Parents and carers will be informed at an early stage and involved in the process to best support children, unless there is good reason to believe that involving them would put a child at risk of harm.

A referral will be made to Medway Children's Services and/or the police immediately if:

- the incident involves an adult (over 18).
- there is reason to believe that a child has been coerced, blackmailed or groomed, or there are concerns about their capacity to consent (for example due to their age or SEND).
- the image/videos involve sexual acts and a child under the age of 13 or depict sexual acts which are unusual for the child's developmental stage, or are violent.
- a child is at immediate risk of harm owing to the sharing of nudes and semi-nudes.

All decisions will be recorded in line with our child protection procedures and will be based on the consideration of the best interests of any child involved. The DSL may choose to involve other agencies at any time if further information/concerns are disclosed at a later date.

- If DSLs are unsure how to proceed, advice will be sought from the Education Safeguarding Service.

Gangs, County Lines, Serious Violence, Crime and Exploitation

- Warren Wood Primary Academy acknowledges the impact of gangs, county lines, serious violence, crime and exploitation. Any concerns regarding gangs, county lines, serious violence, crime and exploitation will be reported and responded to in line with other child protection concerns.
- The initial response to child victims is important and staff will take any allegations seriously and work in ways that support children and keep them safe.

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

- Warren Wood Primary Academy recognises both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity.
- Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator.
- The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual, and it should be noted exploitation as well as being physical can be facilitated and/or take place online.
- Sexual exploitation can be difficult to spot and sometimes mistaken for "normal" teenage behaviour. Knowing the signs can help protect children and help them when they've no one else to turn to. To support in identifying the signs of child sexual exploitation please refer to the [Exploitation Identification – Toolkit Kent and Medway](#) and [the MSCP Risk Assessment tool for sexually active young people](#).

Gangs, County Lines and Serious Violence

- Criminal exploitation of young and vulnerable people is a common feature in the facilitation of county lines drugs supply, whether for the storage or supply of drugs, the movement of cash, or to secure

the use of dwellings held by vulnerable people in the rural marketplace this is commonly referred to as cuckooing.

All staff have been trained and recognise the need to be vigilant for the signs and aware of risk factors which may increase the likelihood of involvement in serious violence, exploitation, and gang activity including but not limited to:

- Being male – however girls who are exploited can be very different to that of boys, indicators may not be the same, but professionals need to be aware that girls are just as much at risk as boys.
- Children who associate with other young people involved in exploitation.
- Children who go missing for periods of time or regularly come home late.
- Change in friendships/relationships with others/groups.
- Having been frequently absent or permanently excluded from school.
- having experienced child maltreatment.
- Unexplained gifts/new possessions – these can indicate children have been approached by/involved with individuals associated with criminal networks/gangs.
- Signs of self-harm/significant change in wellbeing.
- having been involved in offending, such as theft or robbery.

Further advice for schools and colleges is provided in the [Home Office's Preventing youth violence and gang involvement](#), and its [Criminal exploitation of children and vulnerable adults: county lines guidance. County Lines Toolkit For Professionals](#). The Children's Society in partnership with Victim Support and National Police Chiefs' Council.

- Where an exploitation concern has been identified, the form linked below is to be used to provide intelligence to the police to get a better understanding of local exploitation concerns and issues. Through this portal you can report **Perpetrators** of child exploitation, **Places and Spaces** where Child Exploitation is suspected of taking place and **vehicles** believed to be connected to be exploiting children. Please use the link to - [Report an Exploitation Concern Online](#).
- Warren Wood Primary Academy will make referrals to Children's Social Care and the police should we have reason to believe a student has become involved in this activity.

This is for Child Exploitation specifically. General vulnerability concerns still need to be reported directly to the police (101 or 999).

Please note, this portal is also not suitable for reporting crime as is not constantly monitored

Mental Health

- Warren Wood Primary Academy will ensure that all staff have an awareness of mental health problems and be aware in some cases, that it can be an indicator that a child has suffered or is at risk

of suffering abuse, neglect, or exploitation. Staff are aware of how children's experiences, can impact on their mental health, behaviour, and education.

- Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences (ACES), this can have a lasting impact throughout childhood, adolescence and into adulthood. It is important that staff are aware of how these children's experiences, can impact on their mental health, behaviour, and education.
- Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are '**well placed**' to identify behaviour suggestive of a mental health problem or being at risk of developing one.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following their child protection policy, and speaking to the designated safeguarding lead or a deputy.

Online Safety

- It is recognised by Warren Wood Primary Academy that the use of technology presents challenges and risks to children and adults both inside and outside of school.
- The use of technology has become a significant component of many safeguarding issues. With child exploitation; radicalisation; sexual predation, bullying for example, technology often provides the platform that facilitates harm.
- Warren Wood Primary Academy will empower, protect and educate the community in their use of technology and establish mechanisms to identify, intervene in, and escalate any incident where appropriate.
- The DSL has overall responsibility for online safeguarding within the school but will liaise as necessary with other members of staff.
- The DSL and leadership team and Local Governing Body (LGB) have read, understood and acted upon all guidance regarding Online Safety within 'Keeping Children Safe in Education' 2023.
- Warren Wood Primary Academy identifies the breadth of issues within online safety can be considerable, but they can be broadly categorised into four areas of risk:
 - **Content:** being exposed to illegal, inappropriate or harmful material.
 - **Contact:** being subjected to harmful online interaction with other users.
 - **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm.
 - **Commerce** – being exposed to online gambling, inappropriate advertising, phishing and or financial scams.
- Warren Wood Primary Academy uses a wide range of technology. This computers, laptops, tablets and other digital devices, the internet, our learning platform, intranet and email systems.

- Warren Wood Primary Academy recognises the specific risks posed by mobile phones and cameras, and, in accordance with KCSIE 2023, has appropriate policies in place that are shared and understood by all members of the school community. Further information reading the specific approaches relating to this can be found in the school's E- Safety Policy.
- All School owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place.
- All members of staff have access to appropriate, regular and up-to-date online safety information as part of their safeguarding training.
- Warren Wood Primary Academy will ensure that all staff receive training on the expectations, applicable roles and responsibility, in relation to our filtering and monitoring systems and processes.
- Warren Wood Primary Academy ensures that appropriate filtering and monitoring systems are in place on school equipment and systems used by pupils and staff, including school devices used by pupils at home. **This link can assist you in understanding your broader responsibilities: <https://www.gov.uk/guidance/meeting-digital-and-technology-standards-in-schools-and-colleges/filtering-and-monitoring-standards-for-schools-and-colleges>** Refer to Warren Wood Primary Academy Filtering and Monitoring Policy.
- Filtering and monitoring are an important part of school's online safety responsibilities, but they are only one part of our approach to online safety. Pupils and adults may have access to systems external to the school control, such as mobile phones and other internet enabled devices and technology. Where concerns are identified, appropriate action will be taken.
- Warren Wood Primary Academy recognises that many pupils and parents will have unlimited and unrestricted access to the internet via mobile phones and other enabled devices, and that this is external to the school's control. Where concerns are identified appropriate action will be taken. Refer to Warren Wood Primary Academy Acceptable Use Policy.
- Warren Wood Primary Academy will ensure a comprehensive whole school curriculum is developed and in place to enable and equip all pupils with the knowledge needed to make the best use of the internet and technology in a safe, considered and respectful way, so they are able to reap the benefits of the online world and manage the risks effectively. **DSLs and SLT may find it helpful to access UK Council for Internet Safety (UKCIS) '[Education for a Connected World Framework](#)' and DfE '[Teaching online safety in school](#)' guidance.**
- The school will also support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online. We will share information with parents/carers about:
 - what systems are in place to filter and monitor online use.
 - what children do online as a part of their learning, including the sites they may be asked to access.

- who from the school or college (if anyone) their child is going to be interacting with online, as a part of remote learning.
- The DSL will respond to online safety concerns in line with this and other associated policies such as anti-bullying and behaviour. Internal sanctions and/or support will be implemented as appropriate and, where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.

Where children are asked to learn online at home in response to a full or partial closure:

- Warren Wood Primary Academy will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.
- All communication with learners and parents/carers will take place using Warren Wood Primary Academy provided or approved communication channels; for example, Warren Wood Primary Academy provided email accounts and agreed systems e.g. Teams.
- Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.
- Staff and learners will engage with remote teaching and learning in line with existing behaviour principles as set out in our Behaviour Policy and Acceptable Use Policy.
- Staff and learners will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies.
- When delivering remote learning, staff will follow our Remote Learning Acceptable Use Policy (AUP).
- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. Warren Wood Primary Academy will be informed who from the school their child is going to be interacting with online.
- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parent controls are implemented at home.

Additional guidance regarding remote learning is available here: Safeguarding and remote education

Children Missing Education (CME) and Persistently Absent Children

- All staff should be aware that children going missing and who are absent from education, particularly on repeat occasions and/or prolonged periods this can be a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage

- Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future.
- Warren Wood Primary Academy recognises that, when a child is not in school, children may be susceptible to or exposed to other risks, so we work with parents and other partners to keep children in school whenever possible.
- Staff should be aware of their school's unauthorised absence and children missing from education procedures. Refer to Warren Wood Primary Academy Attendance Policy.

Domestic Abuse

- Domestic abuse is any type of controlling, bullying, threatening or violent behaviour between people in a relationship. Seeing, hearing or experiencing the effects of domestic abuse and/or experiencing it in their own intimate relationships, can have a serious, long lasting impact upon children and is a form of child abuse.
- The Warren Wood Primary Academy recognises that domestic abuse can encompass but is not limited to psychological; physical; sexual; financial; and emotional abuse.
- In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

So-called 'Honour-Based' Abuse

- So-called 'honour-based' abuse (HBA) encompasses incidents or crimes which have been committed in the belief that they protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators.
- All staff need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.
- If staff have a concern regarding a child that might be at risk of HBA or who has suffered from HBA, they should speak to the Designated Safeguarding Lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multiagency liaison with police and children's social care. Where FGM has taken place, since 31 October 2015 there has been a **mandatory reporting duty** placed on **teachers** that requires a different approach (see following section).

Female Genital Mutilation (FGM):

- FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.
- Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a **statutory duty** upon **teachers**, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. It will be rare for teachers to see visual evidence, and they should **not** be examining pupils or students.
- The duty does not apply in relation to at risk or suspected cases (i.e., where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence). In these cases, teachers should follow local safeguarding procedures. The following is a useful summary of the FGM mandatory reporting duty - [FGM Fact Sheet](#)
- Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the school's or college's Designated Safeguarding Lead (or deputy) and involve children's social care as appropriate.

Forced Marriage

- Warren Wood Primary Academy recognise that since February 2023 it has been a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if no violence, threats or another form of coercion are used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages. (see page 155 of KCSIE 23) ([Legal age increases to 18](#))
- Multi-agency statutory guidance for dealing with forced marriage, which can found at [The right to choose: government guidance on forced marriage](#) . Guidance for schools can be found in Section 8. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fmu@fcdo.gov.uk.
- Staff at Warren Wood Primary Academy will use the school's concern reporting system if they have any reason to believe that a child may be at risk of being taken out of the country for the purposes of a forced marriage.

Breast Ironing

- Breast flattening is a form of child abuse. See the CPS legal guidance on [Child Abuse](#)
- Breast Ironing is the process whereby young pubescent girls' breasts are ironed, massaged and/or pounded down using hard or heated objects in order for the breasts to disappear or delay the

development of the breasts entirely. It is believed that by carrying out this act, young girls will be protected from harassment, rape, abduction and early forced marriage and therefore be kept in education.

- There are potentially significant physical and psychological consequences and risks related to this practice. Breast flattening is a form of child abuse. Therefore, professionals must follow their Local Safeguarding Children's Board Procedures.

Preventing radicalisation

- The Counter Terrorism and Security Act 2015 placed a duty on specified authorities, which includes schools, to have due regard to the need to prevent people from being drawn into terrorism (the PREVENT duty). The school's work in promoting life in modern Britain and promoting Fundamental British Values (democracy; the rule of law; individual liberty; mutual respect for and tolerance of those with different faiths and beliefs and for those without faith) through the curriculum and pastoral programs underpins this strategy.
- Staff should be aware that there is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet).
- The department has published advice for schools on the [Prevent duty](#). The advice is intended to complement the Prevent guidance and signposts other sources of advice and support.
- Every member of staff at The Warren Wood Primary Academy recognises that children exposed to radicalisation and extremism is no different to safeguarding against any other vulnerability and should be approached in the same way as protecting children from other risks.
- All staff and governors should complete the [Prevent online Awareness training](#) package developed by the Home Office which includes guidance on how to identify people who may be susceptible to being drawn into terrorism, and how to refer them into the Channel process.

Looked after children, previously looked after children and care leavers

- The Warren Wood Primary Academy acknowledges and understand the common reason for children becoming looked after is as a result of abuse and/or neglect and a previously looked after child potentially remains vulnerable.
- Warren Wood Primary Academy have a '[designated teacher](#)' Amber Howe, Deputy Head Teacher who works with local authorities to promote the educational achievement of registered pupils who are looked after or who have been previously looked after.

- The designated teacher will work with the DSL to ensure appropriate staff have the information they need in relation to a child's looked after legal status, contact arrangements with birth parents or those with parental responsibility, care arrangements and the levels of authority delegated to the carer by the authority looking after them.
- The Warren Wood Primary Academy understands their responsibility to inform the Local Authority via First Response of Private fostering arrangements when they believe that a child is being cared for as part of a private fostering arrangement. (When a child under 16, or 18 if they are disabled is cared for and lives with an adult who is not a relative for 28 days or more.

Child Protection Procedures

- The Warren Wood Primary Academy adheres to the MSCP Safeguarding Children Procedures. The full MSCP procedures and additional guidance relating to specific safeguarding issues can be found on the MSCP website <https://www.medwayscp.org.uk/mscb/>
- If staff have **any concerns** about a child's welfare, they should act on them immediately. See content page for a flow chart setting out the process for staff when they have concerns about a child.
- If a child is at risk of imminent danger or harm concerns will need to be referred by telephone to First Response 01634 334466 and/or the police. If it is an emergency the police need to be called on 999.
- If there are child protection concerns the role of the school is NOT to investigate but to recognise and refer.
- Less urgent concerns or requests for support will be referred to Children's social care and Early Help via the Medway online form ([the portal](#))
- Once staff have spoken to the DSL, the options the DSL will take will then include:
 - continue to closely monitor the situation
 - managing any support for the child internally via the school's own pastoral support processes
 - a Family Solutions referral or Early Help Assessment.
 - a referral for statutory services, for example as the child might be in need, is in need or suffering or likely to suffer harm.

All information and actions taken including the reasons for any decision/actions made, will be fully documented on a child's record.

- All staff are aware of the process for making request for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
- Wherever possible the school will share safeguarding concerns, or the intention to refer a child to Children's social care, with parents or carers. **However, staff will not do so where it is felt that to do**

so could place the child at greater risk of harm or impede a criminal investigation. On occasions it may be necessary to consult with First Response and/ or the police for advice on when to share information with parents/carers.

- If the DSL is not available to discuss an immediate and urgent concern, staff can seek advice from a Deputy DSL.
- Staff may also seek advice from the consultation from the **'No Name' consultation line in First Response (9:30-12:30) on 01634 33 1662.**
- If anyone other than the DSL makes a referral to external services, then they will inform the DSL as soon as possible.
- Staff may pass information about a child to the DSL but remain anxious about action subsequently taken. Staff should feel able to check the progress of a case with the DSL so that they can reassure themselves the child is safe and their welfare is being considered. If following this process, the staff member remains concerned it is the responsibility of that staff member to follow the school's escalation process.
- If a child's situation does not appear to be improving, then the DSL (or the person that made the request for support) will consider a re-referral.
- If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving, the DSL will consider following [MSCP escalation procedures](#) to ensure their concerns have been addressed and, most importantly, that the child's situation improves. DSLs may request support with this via the Education Safeguarding Service.
- All members of staff are made aware of the internal and local Early Help/Family Solutions support services. Where a child is being offered or receiving Family Solutions support, staff will be supported to understand their role in any Early Help assessment or intervention. This includes identifying emerging problems, liaising with other professionals, and in some cases acting as the lead practitioner.
- The DSL will keep all Early Help cases under constant review and consideration will be given to a request for support to the First Response if the situation does not appear to be improving or is getting worse.
- Warren Wood Primary Academy is an [Operation Encompass Schools](#). This means we work in partnership with Kent Police to provide support to children experiencing domestic abuse. All staff know what Operation Encompass is and there is a clear process for managing notifications in school (including cover if a named individual is absent).

The Child's wishes

- Systems should be in place for children to express their views and give feedback. Ultimately, all systems and processes should operate with the **best** interests of the child at their heart. **However, this should not prevent safeguarding action being taken, for the child or children involved.**

Record Keeping

- Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern about a child or children within our school and when these records should be shared with other agencies.
- All concerns, discussions and decisions made, and the reasons for those decisions, should be recorded on the school's online safeguarding system, MyConcern. If in doubt about recording requirements, staff should discuss with the Designated Safeguarding Lead.
- Child Protection records will record facts and not personal opinions. A body map will be completed if injuries have been observed.
- Photographs of injuries should NOT be taken by staff; staff should use body maps to detail concerns. Taking photos of injuries can be traumatic and distressing for children and staff. Staff should not examine a child and should only record what they can see.
- If photos of injuries are required for evidence purposes, this should be directed/carried out by the Police. If you are asked to take photos of an injury by a social worker or police officer clearly state in the records who asked you to do this, name, date, time, and ensure you record the individuals rationale behind this decision. Staff can challenge this request if they do not feel comfortable and wait for a Social worker/ Police officer to attend.
- Records will be completed as soon as possible after the incident/event, using the child's words and will be signed and dated by the member of staff. If members of staff are in any doubt about recording requirements, they will discuss their concerns with the DSL.
- All Staff will receive training upon induction on the use of our Online Safeguarding Reporting and Monitoring System – MyConcern.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with data protection legislation to the child's subsequent school/setting, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.

Child Protection Files

- Where children leave the school (including in year transfers) the designated safeguarding lead will ensure their child protection file is transferred to the new school or college as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new term. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained.
- Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs, or the named person with oversight for SEN in colleges, are aware as required.
- In addition to the child protection file, the DSL should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.
- If a child is subject to a child protection plan or there are other ongoing concerns at the time of transfer, then it is strongly recommended that the transferring DSL arrange to meet with the receiving DSL in person to ensure there is effective transition and handover of information.
- Child protection files should always be kept by the education setting where the child is on role. Transferring settings do not need to keep copies of child protection files, but if there is reason to, they do they must be kept in accordance with data retention. In cases where there may be ongoing involvement from transferring settings, for example if any siblings still attend your setting, DSLs may wish to take copies of chronologies etc.

Multi-Agency Working

- Warren Wood Primary Academy identifies that they have a pivotal role to play in multiagency safeguarding arrangements. The Trust Board, Local Governing body (LGB) and proprietors should ensure that the school or college contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children 2018.
- Warren Wood Primary Academy recognises and is committed to its responsibility to work within the MSCP multi-agency safeguarding arrangements. The leadership team and DSL will work to establish strong and co-operative local relationships with professionals in other agencies in line with statutory guidance.
- Warren Wood Primary Academy will endeavour to identify those children and families who may benefit from the intervention and support of external professionals and will seek to enable referrals (in discussion with parents/carers) as appropriate.
- Warren Wood Primary Academy recognises the importance of multi-agency working and will provide requested reports and support attendance at relevant safeguarding meetings, including Child

Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multiagency meetings.

Confidentiality and Information Sharing

- Warren Wood Primary Academy expect all staff to treat information they receive about a children and young people in a highly discreet and confidential manner. Confidential information should never be used casually in conversation or shared with any person other than on a 'need to know basis'.
- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies Warren Wood Primary Academy recognises our duty to share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE 2023.
- The Data Protection Act 2018 places a duty on organisations and individuals with regards to processing personal information fairly and lawfully. As a school we adhere to data protection, yet we do not allow this to stand in our way in the need to promote the welfare and protect the safety of our children in our care. DfE "[Information sharing advice for safeguarding practitioners](#)" (2018) provides further detail.
- Warren Wood Primary Academy has an appropriately trained Data Protection Officer (DPO) as required by the General Data Protection Regulations (GDPR) to ensure that our school/college is compliant with all matters relating to confidentiality and information sharing requirements.
- All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. In accordance with statutory requirements, where there is a child protection concern, this must be reported to the Designated Safeguarding Lead and may require further referral and subsequent investigation by the appropriate authorities.

Complaints

- Warren Wood Primary Academy has a complaints procedure. As a school we encourage children and families to raise complaints, concerns or comments with us. We have a robust internal investigation process. Refer to Warren Wood Primary Academy complaints procedure on the website.
- Whilst we encourage members of our community to report concerns and complaints directly to us, we recognise this may not always be possible. Children, young people, and adults who have experienced abuse at school can contact the NSPCC 'Report Abuse in Education' helpline on 0800 136 663 or via email: help@nspcc.org.uk
- Safeguarding concerns should be raised with school immediately. If a concern or a child is at immediate risk, then the individual needs to contact First Response 01634 334466 or the police on

101. All visitors are given a safeguarding leaflet that outlines how to share concerns and code of conduct expected by visitors/contractors.

- All reported concerns will be taken seriously and considered within the relevant and appropriate process.
- Anything that constitutes an allegation against a member of staff or volunteer will be dealt with in line with section 19 of this policy.

Staff Induction, Awareness and Training

- All members of staff have been provided with a copy of Part One of *“Keeping Children Safe in Education”* 2023 which covers Safeguarding information for all staff.
- School leaders including the DSL will read the entirety of *“Keeping Children Safe in Education”* 2023.
- All members of staff who work directly with children will read Annex B within *Keeping Children Safe in Education* 2023.
- All Members of staff have signed to confirm that they have read and understood Part One and Annex B. This process is managed via MyConcern.
- The DSL will ensure that all new staff and volunteers (including agency and third-party staff) receive child protection training and information to ensure they are aware of the Warren Wood Primary Academy’s internal safeguarding processes as part of their induction.
- All staff undergo safeguarding and child protection training (including online safety) at induction. The training is regularly updated. Induction and training is in line with advice from the Medway Safeguarding Children Partnership.
- In addition to child protection training, all members of staff receive regular safeguarding and child protection updates via updates on the weekly briefing sheets, emails and as part of the programme of CPD as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.
- All staff members (including temporary/supply staff) will have specific training of the school’s expectations regarding safe and professional practice via the staff behaviour policy (or code of conduct) and Acceptable Use Policy.
- The Trust Board, Local Governing Body (LGB) and proprietors recognise the expertise staff build through undertaking safeguarding training and managing safeguarding concerns on a daily basis. Opportunity should therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy.

- The DSL and Headteacher will provide an annual report to the Local Governing Body (LGB) detailing safeguarding training undertaken by all staff and will maintain an up-to-date register of who has been trained.
- Warren Wood Primary Academy have a nominated Link Governor for Safeguarding, who ensures that all members of the Local Governing Body (LGB) will access appropriate safeguarding training which covers their specific strategic responsibilities at induction and on a regular basis. Training will provide them with the knowledge to ensure their school's safeguarding policies and procedures are effective. This includes the Trust Board/Local Governing Body (LGB)'s strategic responsibility for online safety.

Safe Working Practice

- All members of staff are required to work within clear guidelines on Safe Working Practice / the school's Code of Conduct. The DSL will ensure that all staff and volunteers have read the child protection policy and staff behaviour policy/code of conduct and understand that their behaviour and practice must be in line with it.
- Staff should be aware of the school's Behaviour Policy, and any physical interventions must be in line with agreed policy and procedures and national guidance.
- A list of staff that have accessed physical intervention training will be kept by the HR and updated in-line with [use of reasonable force](#) DfE guidance. All incidents will be recorded online with guidance on MyConcern.
- There may be circumstances when it is appropriate for staff to use reasonable force in order to safeguard children from harm. Further information regarding our approach and expectations can be referred to at Warren Wood Primary Academy Behaviour Policy and the Bound and Numbered book.
- If staff, visitors, volunteers or parent helpers are working with children alone they will, wherever possible, be visible to other members of staff. They will be expected to inform another member of staff of their whereabouts in school, who they are with, for how long. Doors, ideally, should have a clear glass panel in them and be left open.
- Guidance about acceptable conduct and safe practice will be given to all staff and volunteers during induction. These are sensible steps that every adult should take in their daily professional conduct with children. This advice can be found in [Guidance for safer working practice for those working with children and young people in education settings May 2019](#) (Safer Recruitment consortium). All staff and volunteers are expected to carry out their work in accordance with this guidance and will be made aware that failure to do so could lead to disciplinary action.
- Staff should be particularly aware of the professional risks associated with the use of electronic communication (e-mail; mobile phones; texting; social network sites) and should familiarise themselves with advice and professional expectations outlined in the school's E-Safety Policy and Acceptable Use Policy

Staff Supervision and Support

- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.
- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.
- The school will provide appropriate supervision and support for all members of staff to ensure that:
 - All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children.
 - All staff will be supported by the DSL in their safeguarding role.
 - All members of staff have regular reviews of their own practice to ensure they improve over time.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly.

Safer Recruitment

- Warren Wood Primary Academy values the importance of developing a safe culture and is committed to ensure that all steps are taken to recruit staff and volunteers who are safe to work with our pupils and staff.
- Warren Wood Primary Academy will use the recruitment and selection process to deter, identify and reject unsuitable candidates. We will ensure that detailed checks are carried out and evidence is provided e.g. criminal record checks (Disclosure and Barring Service (DBS) checks), barred list checks and prohibition checks, together with references and interview information this will aid the school in deciding about the suitability of the prospective employee. The school will consider carrying out an online search on shortlisted candidates to help identify any issues that are publicly available online.
- The school will carry out an online search on shortlisted candidates to help identify any issues that are publicly available online which may be relevant to their suitability to work with children and/or may have an impact on the school/academy's reputation.
- The Trust Board will ensure that at least one of the persons who conducts the interview has completed safer recruitment training. At all times the Headteacher and the Trust Board will ensure that safer recruitment practices are followed in accordance with the requirements of *'Keeping Children Safe in Education'*, DfE (2023).
- Safer recruitment procedures will include the requirement for appropriate checks in line with national guidance (see: [Safeguarding Children and Safer Recruitment](#))

- The school maintains an accurate Single Central Record (SCR) in line with statutory guidance.
- We are also committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- We advise all staff to disclose any reason that may affect their suitability to work with children including convictions, cautions, court orders, cautions, reprimands and warnings.
- Where the school places a learner with an alternative provision provider, the school will continue to be responsible for the safeguarding of that child. The school will undertake appropriate checks to ensure the provider meets the needs of the pupil, including written confirmation that appropriate safeguarding checks have been carried out on individuals working at the establishment.

Allegations Against Members of Staff, including Supply Staff, Contractors and Volunteers

- Warren Wood Primary Academy recognises that allegations sometimes arise from a differing understanding of the same event, but when they occur, they are distressing and difficult for all concerned. We also recognise that many allegations are genuine and there are some adults who deliberately seek to harm or abuse children.
- All staff, contractors and volunteers should feel able to raise concerns about poor or unsafe practice and such concerns will always be taken seriously by the senior leadership team.
- The Warren Wood Primary Academy understands the duty to refer to the LADO where it is alleged that anyone working in the school has:
 - behaved in a way that has harmed a child, or may have harmed a child.
 - possibly committed a criminal offence against or related to a child.
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children.
- In depth information regarding staff allegations can be found within our Procedures for Managing Allegations against Staff policy. This can be found on the website. All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the schools safeguarding regime. The Senior Leadership Teams at both Warren Wood Primary Academy will take all concerns or allegations received seriously.
- If staff have safeguarding concerns, or an allegation is made about another member of staff (including volunteers/supply staff/visitors) posing a risk of harm to children, then:
 - Allegations should be referred immediately to the Headteacher or deputy in their absence who will first contact the Local Authority Designated Officer (LADO) to agree

further action to be taken in respect of the child and staff member. Please refer to the Medway [LADO Leaflet](#) if you need further information.

- In the event of allegations of abuse being made against the Headteacher then staff are advised that allegations should be reported to the Chair of Governors who will contact the LADO in the first instance.
 - Any member of staff or volunteer who does not feel confident to raise their concerns with the Headteacher or Chair of Governors should contact **the LADO directly on 01634 331065**.
 - The Headteacher or Chair of Governors will seek advice from the LADO within 24 hours of the alleged incident. No member of staff or the Local Governing Body (LGB) will undertake further investigations before receiving advice from the LADO.
- Where the Headteacher is unsure how to respond, for example if the school is unsure if a concern meets the harm 'thresholds', advice will be sought via the Local Authority Designated Officer (LADO) Enquiry Line and/or the Education Safeguarding Service.
 - Warren Wood Primary Academy has a legal duty to refer to the [Disclosure and Barring](#) Service anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or HR.

Concerns that do not meet the 'harms threshold'

- Warren Wood Primary Academy Staff Code of Conduct explains what a low-level concern is and the importance of sharing concerns. We have a clear reporting procedures for children, parents and other people to report concerns or complaints, including abusive or poor practice. We also acknowledge that low-level concerns can arise in several ways from various sources, e.g. suspicion, complaint or a disclosure. Procedures are in place for confidentially sharing, recording and handling of low-level concerns.
- A low-level concern is any concern (no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt') that a member of staff has acted in a way that:
 - is inconsistent with the staff code of conduct, including inappropriate conduct outside of work
 - does not meet the allegations threshold or is not considered serious enough to refer to the local authority designated officer (LADO).

- Low-level concerns can exist on a wide spectrum, from the inadvertent and thoughtless, through to behaviour which is intended to enable abuse.
- Where low-level concerns are reported, the Headteacher should liaise with the LADO Service on 01634 331065.
- The Medway LADO policy states that all allegations, including low level concerns, should be considered with the LADO.

Whistleblowing Procedure

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and such concerns will always be taken seriously by the leadership team. All members of staff are made aware of the school's Whistleblowing Procedure. It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.
- Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.

Safeguarding Children with Special Educational Needs and Disabilities

- Warren Wood Primary Academy understands that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. These children may have an impaired capacity to resist or avoid abuse. The DSL will work closely with the SENCO to plan support as required.
- All staff will ensure that children with SEN and disabilities will be able to overcome the barriers that exist for this group of children and specifically ensure that those with communication difficulties will be supported to make sure that their voice is listened to and acted upon.
- It is important that all staff are aware that children with SEN and disabilities may not always outwardly display indicators of abuse and that some children can be disproportionately impacted by things like bullying and exploitation without outwardly showing signs.
- All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse. To address these additional challenges, our school will always consider extra pastoral support for children with SEN and disabilities.

Curriculum and Staying Safe

- [Working Together to Safeguard Children \(2018\)](#) states that the curriculum should ensure opportunities for “developing children’s understanding, awareness and resilience”.
- Schools play a pivotal and essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is ‘safe’; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.
- The school uses the PSHE and RSE curriculum to increase self-esteem, self-awareness and social and emotional understanding, assertiveness and decision making this ensures that our pupils have a range of strategies to ensure their own protection and that they are able to also protect others. Online safety is also integrated into the curriculum.
- The school ensures that teachers that teach the PSHE curriculum have been trained and equipped to deliver high quality PSHE education in a safe way. For further information and training on Medway PSHE programs please follow the link: [School PSHE programmes](#)
- Children feel they can talk to a range of staff when they feel they are worried and can feedback about their school experience. Children at Warren Wood Primary Academy will be listened to, heard and their concerns will be taken seriously and acted upon as appropriate.
- Other systems that exist outside of expected day to day classroom interaction and support include a range of adults that pupils can speak to about anything that’s concerning them, Student Voice meetings that include a regular focus on pupil views on safety etc., Pupil and Parent Questionnaires that include questions about pupil safety and the School’s efficacy when it comes to dealing with issues such as bullying.

The Use of School Premises by Other Organisations

- Services or activities provided separately by another organisation from time to time may seek to use the school premises. The Facilities Team will seek written assurance that the organisations concerned have suitable policies and procedures in place with regard to safeguarding children and that relevant safeguarding checks have been made for all staff and volunteers.
- The governing body or proprietor will therefore seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as needed); and ensure that there are arrangements in place to liaise with the school or college on these matters where appropriate. Refer to Warren Wood Primary Academy Lettings Policy.
- Without this assurance then an application to use the premises will be refused.
- If Warren Wood Primary Academy receives an allegation relating to an incident that happened when an individual or organisation was on school premises for the purposes of running activities for children (for example community groups, sports associations, or service providers that run extra-curricular

activities)., Warren Wood Primary Academy will follow their safeguarding policies and procedures, including informing the LADO as they would with any safeguarding allegation.

Security

- Warren Wood Primary Academy has a responsibility to provide a secure site that is controlled by clear management directives, but the site is only as secure as the people who use it. Therefore, all staff and people on the site have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. Staff will be expected to adhere to any safety arrangements implemented should Covid-19 restrictions need to be reintroduced.
- Visitors and volunteers must only enter through the main entrance and after signing in at the office will be issued with a school lanyard or visitor's pass. School has a clear system of ensuring visitors are to be accompanied/supervised by [regulated staff member](#).
- Warren Wood Primary Academy will not tolerate or accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe). This type of behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.
- Any individual on site who is not known or identifiable by a visitor's pass may be challenged by any staff member for clarification and reassurance.

Monitoring and Review

- All school staff (including temporary/supply staff and volunteers) will have access to a copy of this policy. The policy will also be available to parents/guardians.
- This policy has been written in September 2023 to reflect the new guidance and legislation issued in relation to safeguarding children and promoting their welfare.
- All staff will have access to this policy and sign to the effect that they have read and understood its contents. The DSL will review the policy following any child protection concerns (including following learning identified from serious case reviews) or allegations against staff to ensure that it reflects appropriate, accurate and up-to-date safeguarding practice.
- The policy forms part of our school development plan and will be reviewed annually.

Local Support

- All members of Staff are made aware of local support available.

- If a child may be at risk of **imminent harm**, you should call **Children’s Services First Response Team on 01634 334466** and/or the **Police on 999**

APPENDIX 1: Definitions of Forms of Abuse & Specific Safeguarding Issues

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. Please click on the hyper link for further information, advice and guidance: [NSPCC Physical Abuse](#)

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone. Please click on the hyper link for further information, advice and guidance: [NSPCC Emotional Abuse](#)

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education. Please click on the hyper link for further information, advice and guidance: [NSPCC Sexual Abuse](#)

Neglect: the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs. Please click on the hyper link for further information, advice and guidance: [NSPCC Neglect](#)

APPENDIX 3: Procedure for Dealing with Disclosures

1. Receive:

- Listen to what is being said without displaying shock or disbelief you display denial to a child or show shock or disgust at what they are saying, the child may be afraid to continue and will shut down.
- Accept what is being said without judgement.
- Take it seriously.

2. Reassure:

- Reassure the child, but only so far as is honest and reliable. Don't make promises that you can't be sure to keep, e.g. "everything will be all right now".
- Don't promise confidentiality – never agree to keep secrets. You have a duty to report your concerns.
- Tell the child that you will need to tell some people, but only those whose job it is to protect children.
- Acknowledge how difficult it must have been to talk and reassure them they have done the right thing.

3. Respond:

- React to the pupil only as far as is necessary for you to establish whether or not you need to refer the matter, but do not interrogate for full details.
- **Do not** ask leading questions; "Did he/she....?" Such questions can invalidate evidence.
- Do ask open "TED" questions - Tell, Explain, Describe.
- Do not criticise the perpetrator; the pupil may have affection for him/her.
- Do not ask the pupil to repeat it all for another member of staff.
- Explain what you have to do next and who you must talk to.

5. Report:

- Report the Concern using MyConcern.
- Record the date, time, place and how the child appeared to you – be specific.
- Use the actual words used by the child in your report.
- Record statements and observable things, not your interpretations or assumptions – keep it factual.
- If you don't have access to a computer, speak to a DSL as soon as possible.

5. Reflect

- Get some support for yourself – matter relating to safeguarding can be distressing and it may help to talk confidentially about how you feel following a concern or disclosure.
