9<sup>th</sup> February 2024

Dear Parents and Carers

## **Mathletics**

Warren Wood have recently started using an exciting Maths program, Mathletics. This program will be used at school to support and boost your child's progress in Maths.

As well as this, we will be using it to issue Maths homework to all pupils in all year groups. The expectation will be that your child completes a minimum of two Mathletics tasks a week, this may be more depending on the teachers judgement.

These tasks are interactive and follow our White Rose Maths Curriculum so will support in school learning seamlessly while also being enjoyable. There is also a range of resources available to use with the Mathletics's program.

Please see the attached information with an explanation on how to access the program and some of their top tips.

Your child's username and password will be coming home with them this week. Please ensure that they are given the opportunity to complete their homework.

Yours sincerely

*J Simmonds*

Mr Simmonds  
Maths Lead
